Sweden

1. Was the enterprise group Swedish-owned on 31 December 20XX?

A limited company is Swedish-owned if 50 percent or more of the votes per share are held by one or more Swedish owners. Please note that we are not asking about a large number of minority owners.

☐ Yes

☐ No

Please fill in the contact information and send in the form to Statistics Sweden

2. Which financial year does the information refer to?

The information refers to the 20XX calendar year or the year of operations that includes the greater part of 20XX.

☐ Calendar year 20XX

☐ Other period:

Y Y M M D D		Y Y M M D D

3. How were the companies of the enterprise group distributed per country during 20XX?

Include all subsidiaries that are included in the enterprise group. The subsidiaries should directly or indirectly be owned and controlled by the parent company. A subsidiary is considered owned if the parent company owns more than 50 percent of the shares or the voting shares.

- Internal trade should be included, securities trading should not.
- Dormant enterprises does not need to be included.
- Branches should be included
- Foundations should be included
- Associated companies should not be included
