BULLETIN DE METHODOLOGIE SOCIOLOGIQUE

(BMS)

bms@ext.jussieu.fr

Bulletin of Sociological Methodology (BMS) is a quarterly scientific journal which publishes in both English and French. Each issue of the BMS contains research articles, extensive book and article reviews, as well as documentation and information on different meetings throughout the world. All research articles have abstracts in both English and French. Twice a year, in March and September issues, the BMS also publishes the Newsletter of Research Committee 33 (RC33) "Logic and Methodology" of the International Sociological Association.
