

In Other Journals SURVEY METHODOLOGY

A Journal Published by Statistics Canada
Volume 36, Number 1, June 2010

CONTENTS

Cochran-Hansen Prize 2011	1
---------------------------------	---

Regular Papers

Jiming Jiang, Thuan Nguyen and J. Sunil Rao Fence method for nonparametric small area estimation	3
Yan Lu and Sharon Lohr Gross flow estimation in dual frame surveys	13
Qixuan Chen, Michael R. Elliott and Roderick J.A. Little Bayesian penalized spline model-based inference for finite population proportion in unequal probability sampling	23
David Haziza, Katherine Jenny Thompson and Wesley Yung The effect of nonresponse adjustments on variance estimation	35
Jill A. Dever and Richard Valliant A comparison of variance estimators for poststratification to estimated control totals	45
Patrick J. Farrell and Sarjinder Singh Some contributions to jackknifing two-phase sampling estimators	57
Jason C. Legg and Cindy L. Yu A comparison of sample set restriction procedures	69
Mojca Bavdaž The multidimensional integral business survey response model	81
Lazarus Adua and Jeff S. Sharp Examining survey participation and response quality: The significance of topic salience and incentives	95
Tom Krenzke, Lin Li and Keith Rust Evaluating within household selection rules under a multi-stage design	111
