IMA – Let's play

Interactive Map Applications

Inspired by Statistics Denmark

Main features

- Open-Source code & libraries (**Leaflet Vs Highcharts Maps**)
- Fully responsive
- Use any map-tiles
- Geo-lookup APIs (*search by address/place, GPS*)
- Single Area, Multi Area, Buffer Radius selections
- Fully API driven (PxWidget over JSON-Stat 2.0)
- Link, Share and Export data on the fly
